DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "the rinse-wash drill heat". There is insufficient antecedent basis for this limitation in the claim. Rinse-wash is not presented in the claims, rather melt-wash is presented. Clarification is required.

Regarding claim 6, the phrase "especially in accordance with one of claims 1 to 5" renders the claim indefinite because it is unclear whether the limitation(s) following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

Allowable Subject Matter

Claims 1-11 would be allowed if the rejections under 35 U.S.C. 112, second paragraph are rectified.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Horbach (US 3680645) is the closest available prior art.
